

CHAPTER 7: APPLICATION FOR APPROVAL AS A GINNIE MAE ISSUER

7-1: OVERVIEW OF CHAPTER

This chapter describes the application procedures for requesting approval as a Ginnie Mae Issuer.

7-2: APPLICATION PROCEDURE

(A) *Application Connection*

All applications for Ginnie Mae MBS Issuer approval must be submitted online via Ginnie Mae's Application Connection which is located on Ginnie Mae's website at www.ginniemae.gov. Hard copy paper-based submissions will not be accepted.

Before filing an application, the applicant should acquaint itself with the Ginnie Mae website including the Issuer application checklists, forms, MBS Guide, Ginnie Mae Online University, and other available resources.

(B) *Ginnie Mae Online University*

Ginnie Mae highly encourages all applicants to take two online courses via the Ginnie Mae Online University before completing an application for Ginnie Mae Issuer approval.

The course titled "Ginnie Mae 101" will help build a basic understanding of Ginnie Mae's role in the secondary mortgage market and provide applicants and new Issuers with an understanding of the obligations and responsibilities of a Ginnie Mae Issuer.

Additionally, the course titled "Applying to Ginnie Mae" will help applicants to understand the Issuer eligibility and application requirements and will guide applicants through the Ginnie Mae application process.

Ginnie Mae Online University, accessible through the Ginnie Mae website, provides free training about Ginnie Mae, Ginnie Mae's role in the housing finance industry, and Ginnie Mae programs, 24 hours a day/7 days a week.

(C) *Electronic Application Process through the Application Connection*

Prior to completing an application for Ginnie Mae Issuer approval, an applicant should review the checklist of documents required to support an application. The checklist can be found on Ginnie Mae's website, under "Doing Business with Ginnie Mae" or in the Application Connection.

A sample Application for Approval as a Ginnie Mae Mortgage-Backed Securities Issuer (form HUD-11701) and a sample Resolution of the Board of Directors and Certificate of Authorized Signatures (form HUD-11702), may be downloaded from Ginnie Mae's website.

CHAPTER 7: APPLICATION FOR APPROVAL AS A GINNIE MAE ISSUER

All application documents must be submitted online through Ginnie Mae's Application Connection. It is important to review the application checklist before registering on Application Connection because once the applicant registers on Application Connection, the applicant will have only 30 days to submit a complete application package. **Applications not completed within 30 days of registration will be deactivated by Ginnie Mae.**

Application Connection will guide the applicant through the submission process. Once the application has been submitted, the applicant will receive confirmation that the application has been received. The applicant can check the status of the application by logging on to Application Connection periodically.

The eligibility requirements for approval as a Ginnie Mae Issuer are the same under both the Ginnie Mae I MBS Program and the Ginnie Mae II MBS Program. Thus, an applicant must file only one application in order to qualify to issue securities under both Programs. However, additional application documents will be required from applicants who seek expanded authority to issue manufactured home loan and/or home equity conversion mortgage backed securities.

(D) Submission of Forms

While samples of the form HUD-11701 and form HUD-11702 are available on Ginnie Mae's website and on Application Connection, the forms must be completed through Application Connection. Data entered into Application Connection will be used to populate and generate electronic versions of the form HUD-11701 and form HUD-11702.

The electronic versions must be printed and signed by the appropriate authorized Issuer personnel, and then scanned and uploaded into Application Connection. Once the application and forms have been submitted electronically, the applicant then must mail the original signed forms HUD-11701 and HUD-11702 to Ginnie Mae's Office of Enterprise Risk (see Addresses).

Ginnie Mae will not process applications until the original signed forms HUD-11701 and HUD-11702 have been received by the Office of Enterprise Risk.

(E) Ginnie Mae Review

Once the applicant has submitted the application via Application Connection, the application will begin to move through Ginnie Mae's review process. There are several levels of review. If additional supporting documentation is required at any stage of the review process, Ginnie Mae will notify the applicant accordingly. The applicant will have 30 days to provide the additional information requested by Ginnie Mae following the agency's initial review of the application.

If the requested information is not submitted to Ginnie Mae

CHAPTER 7: APPLICATION FOR APPROVAL AS A GINNIE MAE ISSUER

within 30 days of Ginnie Mae's request, then the applicant's access to Application Connection will be deactivated. If the applicant desires to continue the application process at a later date, then it must request new access to the Application Connection and submit all new forms and documents. The request will be treated as a new application requiring payment of a new application fee. Timeframes for any further requests for additional information will be rendered at Ginnie Mae's discretion.

Once Ginnie Mae has completed its review of the application package, Ginnie Mae will notify the applicant of its decision.

- (1) If the application is approved, Ginnie Mae will assign a four-digit Issuer identification number to the applicant. This number must be used on all correspondence with Ginnie Mae and in connection with all of the Issuer's Ginnie Mae I and Ginnie Mae II MBS or HMBS transactions.
- (2) If the application is approved, Ginnie Mae will notify the Issuer accordingly and provide the Issuer with contact information for the Issuer's assigned Account Executive within Ginnie Mae's Office of Issuer and Portfolio Management.
- (3) If the application is denied, Ginnie Mae will advise the applicant in writing of the reason for the rejection.

7-3: GINNIE MAE DISCRETION

Ginnie Mae, in its sole discretion, may refuse to grant Issuer status if Ginnie Mae determines that the applicant has failed to meet the requirements set forth in this Guide, or if Ginnie Mae otherwise determines that approval of the applicant would be detrimental to the MBS Program.

7-4: DOCUMENTS REQUIRED

Each applicant for approval as a Ginnie Mae MBS Issuer must upload the documents set forth below via the Application Connection.

Ginnie Mae reserves the right to require submission of additional information or documents.

Applicants for approval as an Issuer of FHA Title I insured manufactured home loan-backed-securities (MH) should review Chapter 30 of this Guide before completing the application for approval.

Applicants for approval as an Issuer of Home Equity Conversion Mortgage backed securities (HMBS) should review Chapter 35 of this Guide before completing an application.

The EDI agreement can be found in Appendix III-13. Once the EDI Agreement has been executed, Issuers must register for access to Ginnie Mae's Enterprise Portal (GMEP) and GinnieNET.

GMEP registration instructions can be found in Appendix III-29.

CHAPTER 7: APPLICATION FOR APPROVAL AS A GINNIE MAE ISSUER

must contact their Account Executive (See Addresses).

All Issuers must establish an e-Notification account in GMEP that will serve as an electronic communication point between the Issuer and Ginnie Mae. One e-Notification mailbox will be assigned for each Issuer ID, and each Issuer must designate at least one employee and a back-up to monitor the e-Notification mailbox on a daily basis. In an effort to reduce the transmission of paper documents, Ginnie Mae will communicate all official announcements through the e-Notification.
